The PDA (Pharmacists' Defence Association) is the largest pharmacist membership organisation and the only trade union exclusively for pharmacists in the UK. We look after the interests of individual pharmacists, pharmacy students and trainee pharmacists.

We are a not-for-profit membership organisation with over 35,000 members. We are run by experienced pharmacists, union professionals, a legal team and support staff. We work to ensure that you have the protection, support and encouragement to achieve success.

Passing the assessment is the final step on your journey to becoming a qualified pharmacist. The PDA is here to offer you support and advice during this experience and then throughout your pharmacy career.
